OBJECTIVE

Aspiring Data Scientist with a strong foundation in machine learning, data analysis, and AI-driven solutions. Experienced in predictive modeling, data visualization, and cloud technologies, with a keen interest in frontend development. Aiming to blend data insights with engaging user interfaces to create impactful solutions.

EDUCATION

Degree	Specialization	Institute	Year	Score
B.Tech	*CSE Data Science*	Pragati Engineering College	2022–Present	8.2
HSC BIEAP	*Physics, Chemistry, & Mathematics*	Aditya Junior College	2020–2022	9.4
CBSE	-	Kendriya Vidyalaya, Waltair	2010–2020	8.80

INTERNSHIPS

- **Campus Ambassador, Chatwise UK Ltd.** (May – June 2024) - Promoted the platform, engaged students, boosted brand awareness, and provided user feedback for platform improvement.

- **Google Cloud Generative-AI Virtual Internship** - Gained hands-on experience building and deploying generative AI applications

- **AWS Cloud Virtual Internship** – Gained hands-on experience by working with EC2, S3, Lambda

PROJECTS

- **PitchSense** *June 2025*
  Built an AI pitch coach using speech analysis to improve clarity and delivery.

- **Selah- Mental Health Chatbot** *Apr – May 2025*
  Developed an AI chatbot using NLP for real-time emotional support and guidance.

- **AgriCure-Farming** *Aug 2024 – Feb 2025*
  SIH 2024 project: Developed an crop recommendation system. Pitched at IDE Bootcamp Edition 2.

- **Other Projects:** Joyce- Chatbot, Swiggy Data Analysis, Analyzing Bias in LLMs, Hand Gesture Recognition, Password Generator, Invisibility Project, Timetable Management System, Word Game, Number Guessing Game, Currency Converter.

CERTIFICATIONS

- Google - Associate Cloud Engineer

- Salesforce - AI Associate

EXTRA-CURRICULAR ACHIEVEMENTS / ACTIVITIES

- Team Lead, GDG WOW Hackathon 2025 – Built PitchSense, an AI pitch coaching tool.

- Coordinator, Basement Blues Club - Coordinated club events and facilitated music collaborations.

- Attendee, Google DevFest 2024 – Gained insights into AI and current development trends.

- Main Coordinator, Data Vishleshana – Organized data science events in the annual tech fest.

- Team Lead, IDE Bootcamp – Recognized as Best Performing Team for innovation and collaboration.

TECHNICAL SKILLS

- **Languages:** Python, Java, HTML, CSS, MySQL, C

- **Tools:** Jupyter Notebook, VS Code, GitHub, Google Cloud

LANGUAGES

- **Speaking Languages:** English (Fluent), Telugu (Native), Hindi (Proficient)
